Connect and Support at The Space for Everyone

Are you or someone you know looking for a supportive community within the LGBTQIA+ youth sphere? YouthZone's The Space offers peer-to-peer support groups from Parachute to Aspen, welcoming youth interested in fostering inclusivity and understanding.

The Space is a place where youth can feel safe and heard, but it's also a space for teachers, peers, and local law enforcement to understand more about the challenges LGBTQIA+ youth face and how to support them effectively. Our sessions aim to promote understanding and reduce stigma, making it a perfect educational opportunity for anyone involved with young people.

The Space is made possible by the generosity of The Colorado Health Foundation. The Colorado Health Foundation is bringing health in reach for all Coloradans by engaging closely with communities across the state through investing, policy advocacy, learning and capacity building.
